LE FERMIER

A group of children are gathered around a long wooden table outdoors, participating in a community project. They are placing blue sticky notes on the table. One child in the foreground is wearing a blue face mask and an orange jacket. Another child on the right is wearing a white face mask and a grey hoodie. The table is covered with many blue sticky notes, some of which have text written on them. The scene is set on a paved area with a wooden post in the background.
